Senior Estimator
Keepmoat Regeneration Limited

The Challenge

Keepmoat Regeneration Limited approached BR Network to assist with updating their supply chain with new companies for over 30 different trades.

They had some secured sites with tenders ready to be sent and a number of other in the pipeline. The areas of the projects varied and included Bromsgrove, Dudley, Wye Forrest, Stoke, Kingstanding, Leamington, Sparkbrook and Longbridge

The Solution

The brief from Keepmoat Regeneration Limited was to find local companies to Birmingham who had capacity to take on a number of live enquiries.

With over 30 trades to fill and looking for a 3-4 companies per trade the pressure was on as there were live enquiries ready to go.

Two dedicated staff were assigned to this project to ensure a successful and prompt delivery.

The Project

Supply Chain Update

The Value

£1 million – 10 million

The Results

The job was successfully delivered in time and Tenders for various jobs were sent to BR Network Customers to price.

Keepmoat Regeneration Limited as well as Keepmoat Homes continue to use BR Network to assist with both Secured and Unsecured work across the UK.

BR has assisted with well over £125 million of projects so far and many BR customers have secured work.
